ATTENDANCE CONCERNS

As mentioned in previous newsletters we are continuing to see a significant increase in the number of children who's attendance rates are a cause for concern. We understand that illness can not be avoided however for some children a pattern of absence is becoming apparent that is not sickness related.

If your child is absent from school then can we please remind you that you should be calling the school office to report each absence.

If there is any social and emotional reasons as to why your child may not want to attend school then please contact Mrs Hughes or your child's teacher so that we can work together to support your child needs.

Appointments (other than the doctors) and trips/treats should be planned outwith school time. We understand that there is not a dentist within the village but if possible could appointments be planned so that children can miss a small part of the day rather than a full day for a dentist visit.

We really hope to be able to work in partnership with you in order to be able to promote high attendance rates so that no child is being disadvantaged in relation to being able to access an education.

DATES FOR THE DIARY

Please find a link below to a calendar for all the term 2 holidays and events that we have planned so far. There will be additional dates such as trips that will be added as the term progresses.

Calendar Link

We aim to send out a calendar at the start of each term in order to give you as much notice as possible of events that will be taking place.

A paper copy will also be issued so that you have it to reference easily at home. Please take a moment to highlight the dates that are relevant to you and your child's class.

All dates for this session will also be added to the school app. Please ensure that you have the app downloaded and notifications on so that you will receive updates.
